Summary of Role

Working in a well-established Science department as part of the Laboratory Technician Team, you will assist the department manager in all aspects of the day to day running of the department.

Duties will include:

- Validate the output using a variety of measuring and testing techniques to ensure that products are within prescribed specification

- Communicate with the department manager and Heads of Subject on issues of a technical/quality nature
 - Support the setting/clearing up of chemicals and equipment, the maintenance and re-validation activities for equipment and facilities
 - Preparing reports and documentation and compiling data for completed experiments
-

Requirements and prospects

Desired skills

- Good verbal and written communication skills
- Ability to work under own initiative
- Numerate and computer literacy skills

Personal qualities

- This will be an exciting role that will offer plenty of variety to a potential candidate
- Applicants should be self-motivated and keen to continually learn
- Work accurately with good attention to detail
- Work in a team environment

Desired qualifications

GCSEs at grades C/4 or above (or equivalent) in maths and English.

Future prospects

The potential to progress onto a full-time position for the right candidate.

Things to consider

The Governing Body is obliged by law to operate a checking procedure for employees who have access to children and young people.

In the event of a successful application an offer of employment may be made to you which is conditional upon receipt of satisfactory Disclosure and Barring Service Checks ("DBS Checks") in relation to criminal and child protection matters. Please note that a conviction will not necessarily be a bar to obtaining employment.
