

11th June 2020

To all Year 12 Pupils

Firstly, I hope you and your families are well.

I know you will want to know what plans we have in place for you to support you through the rest of this academic year. We now have more guidance from the Government and so we have now been able to draw up our plans and share them with you.

You have been working remotely from home since March 23rd. We have asked staff how they think you are doing, we have been in contact with you and your parents to find out how you think you are doing.

From the week beginning 22nd June if you are having particular problems with a particular aspect of your learning, we will make an appointment for you to come in and meet with a member of staff who can help you.

If you have not engaged with your learning at the level we would expect you to have over the next 5 weeks, we will make an appointment for you to come in to school for a meeting.

It may be we invite small groups in for subject specific support.

There may be some sensitive issues you need to discuss with Mrs Hayes, Mrs Robinson, Mrs Hudson and Mrs Lodge or with Pastoral staff, if so, we will invite you in for a meeting to ensure we put the right support in place to help you.

We have sent a letter to parents and carers and it has the key information you need to know and follow if you are asked to come into school. Take time to read it and talk it through with whoever looks after you at home.

Try your best to engage with your learning for the next few weeks, I know it's been tough working from home, but doing some work now will help you for September.

It will be good to have you back in school, we have missed you.

Stay well and stay safe

Ms Clarke
