

At Broughton Hall Catholic High School we recognise that students thrive when they take part in additional experiences outside the classroom.

We are proud of the wide range of enrichment opportunities available. We have school teams in a wide range of sports, a large variety of music ensembles, drama and art based workshops. Many of our students also take part in the Duke of Edinburgh Award Scheme.

Residential opportunities are provided for all our students including World Challenge expeditions in sixth form, outward bound trips and trips abroad.

Here is an overview of some of the fantastic enrichment opportunities available here at Broughton Hall Catholic High School. For further information please do not hesitate to contact the school directly. Opportunities for students come up on a daily basis throughout the year and will be shared with our students via pastoral, department teams and Plasma screens throughout the school.
