WHY CHOOSE BROUGHTON HALL SIXTH FORM

Achievements

We are proud of our well established and highly successful Sixth Form and our student's achievements. In 2022, we achieved the highest number of A*-A to date and all our attainment measures were in line with 2019 national data. Our students who studied 3 A Level subjects achieved an average grade B-, exceeding 2019 national benchmarks! Our Applied General provision continued to perform consistently in line with national. We were extremely delighted that once again, the majority of our students got into their first-choice university. Our destination figures exceed national and this success is due to the hard work of staff who know the students well and can offer individual support and guidance.

Information, Advice & Guidance

An extensive careers education and guidance programme is available to students throughout the Sixth Form. Students are well supported in their applications to university, apprenticeships, college or employment.

Visiting speakers from outside agencies and universities provide specialist advice for our students, alongside visits to universities. Our UCAS Advisor, Mrs Hitchmough, along with experienced tutors, play a key role in supporting students through the process. In addition, students receive individual careers meetings from our Careers Connect advisor who keeps us updated with all the latest career opportunities.

Sixth Form benefit from the platform Unifrog which supports all students with their career research, applications, personal statements and CVs. Students take part in work experience in Year 12 which develops employability skills and helps inform future decisions.

Financial Support (Bursary)

The Education Funding Agency (EFA) has introduced a Bursary Fund scheme. The aim of the fund is to support students who face genuine financial difficulties when continuing their studies. The 16-19 Bursary Fund is a limited fund and it is administered and granted at the discretion of the school. We will prioritise allocation according to personal circumstances and household income. The level of support which we can offer is dependent on the total funding received from the EFA and the number of applications it receives. Receipt of the bursary is dependent on good attendance during sixth form. For more information on eligibility, please contact Mrs Robinson, Student Support Manager.

SIXTH FORM LIFE

Tutorial Time

Students receive a 20-minute tutorial each morning with their Form Tutor. This provides students with an opportunity to discuss their progress, develop study skills and consider their future aspirations. Form Tutors pass on many opportunities that may benefit the students and develop their employability skills.

Private Study

Our study area is open daily from 8:30am - 4:30pm and our students work in the study area during any non-contact time. We have a full time Study Supervisor, Mr Aster, who manages the study area and provides students with additional support, including one-to-one tutorials, help with personal statements and proof-reading work. Mr Aster is also a fully trained A Level teacher and delivers Global Perspectives and other courses for us and Cardinal Heenan.

Community Hours

Every Year 12 student is expected to complete 25 community hours during the academic year and students are encouraged to help in areas of personal interest. Community hours help raise the profile of Sixth Form students and integrate them into lower school. Students can develop and improve key skills, such as communication, organisation, leadership, time management and co-operation.

Enrichment Lesson

Year 12 students partake in 1 hour of Enrichment per week. They choose from a number of courses throughout the year that interest them and support and develop their skills within chosen areas. Students can currently choose from, Reading for Pleasure, Active 6F, EAL Leaders, Sign Language, Survival Cooking, Music and Study Support.

Religious and Values Education

All students follow a programme for general religious education in Sixth Form, approved by the Archdiocese of Liverpool. The purpose of it is to enable the students to engage with the modern world as it exists today and to ask what their place in it is. Lessons enable students to identify diverse religious beliefs and explore their own position on religion and faith through thinking about their experiences of life and the values of contemporary culture. It also allows them to develop their own individual moral reasoning skills which they will be able to relate to different religious traditions.

PSHE

PSHE and RSE at Sixth Form considers knowledge, skills and attitudes that have been developed at KS4. The core themes that are covered are, Health and Well Being, Relationships, Living in the wider world which includes economic wellbeing, careers, and Citizenship. Students receive a PSHE lesson every two weeks.
